

We have come to understand that Julie filed a court motion at Hennepin County Family Court on Monday, January 26<sup>th</sup>. Since then, there have been two subsequent conferences between the court and Tony and Julie's attorneys on Feb 3 and Feb 11. At the Feb 11 conference, Tony and Julie were urged by the court to remove all their posts and comments related to their marital issues and children. They were also urged to have their supporters and proxies remove posts and comments related to these topics as well.

Tony chose to honor the court's request by removing his document that same day. At his request and to comply with the request of the court, the statements posted to storify and Scribd are being taken down as well.
